“

作为一线创业者，除了对自己行业的专研，更应该全面的了解各个行业的信息和知识体系。

港大和北大的课程，聚集了两所高校最优秀的教授专家，给了我们创业者很多启发，同时港大也给我们提供了国际化的视野，看到了商业的更多可能性。

在外资金金融圈征战10多年，远不如来港大EMBA学习2年的收获，教授们的智慧与经验让我的视野更宽广、观察事情的角度更多元。来自不同领域的精英同学们，在课堂上与教授江湖论剑的时候，总是让我感受到不同观点的激荡。

课堂上都是活生生的企业案例，你都可以听到甲方和乙方分享他们在面对企业顺势和逆境时对决策所做的选择。一个伟大的企业都是不断地谨慎小心的做决策，做人也是相同，我们每天不也都是在做选择吗？

选择就读港大EMBA，是我人生中很重要也是最值得的一个选择，对我此生获益良多。

在港大这所国际化学术殿堂，有幸与各界精英同窗。这里的课程紧密贴合时代脉搏，教授们的讲解高屋建瓴，深入浅出，引领我站在时代前沿思索商业发展，与不同背景的同学交流合作，为我打开了汲取多元智慧的窗口，更是在实践中，锻炼了我用全球视野剖析市场动态，以创新思维化解复杂问题的能力。

正所谓：“时势造英雄，英雄亦适时。”在这风云变幻的时代，相信于港大的所学所思将助我持续向上，以无畏之姿迎接新的挑战。

”

周红亚 2023级

上海枫迈企业发展(集团)有限公司董事长

2023年,在走出校园十多年后,怀揣着再进校园继续学习的梦想,进入了港大经管学院EMBA,成为了6C班的一员。

经过一年多的学习,问我有什么收获?引用我好朋友发我的一段话:“你变化很大!在港大读书后:像花一样全然绽放自己的生命,让我欣赏和羡慕!闪闪发光的女孩子。”我不意外收到这样的评价,因为我的确非常享受。

EMBA的课程都是实用型案例,理论联系实际,很好的启发了我运用于自己的公司。记得3月份的日本游学模块,参访的稻盛和夫京瓷公司使我获益最大,并在我的公司里成功运用。另外,当下最热门的话题,诸如ESG等课程,都是让我受到了很大的启发,对未来发展趋势有了更深的了解,也为企业数字化转型奠定了很好的基础。

除了课堂学习,还收获了一群志同道合有梦想的同学和教授、老师们,大家互相学习,互相影响,相互成就。领悟了“理想、行动、坚持、超越”的戈壁精神。

港大一家人,因为有你,有你们,成就了更好的我。感恩!

港大EMBA的课程内容涵盖了从财务管理到市场营销,从战略规划到领导力发展的全方位知识体系。这些课程不仅理论深厚,而且实践性强,让我们能够将所学知识直接应用于实际工作中。通过分析真实世界的商业案例,我们学会了如何运用理论知识解决实际问题,这种学习方式极大地提高了我们的分析和决策能力。

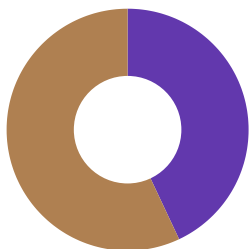

EMBA课程为我提供了一个建立广泛人脉的平台,我与同学们建立了深厚的友谊和合作关系,这对于未来的职业发展无疑是一笔宝贵的财富。许多同学通过EMBA课程实现了职业转型,无论是晋升到更高职位,还是转行到新的行业,EMBA都为他们提供了必要的知识和技能。

对于那些有志于创业的同学,EMBA课程提供了创业所需的商业洞察和资源,帮助他们将创意转化为实际的商业计划。在港大EMBA的学习经历是一段宝贵的旅程,它不仅让我获得了知识和技能,还让我在个人和职业层面上都得到了成长。

Zhou Hongya

(2023 intake)

Shanghai Fengmai Enterprise

Chairman

In 2023, over ten years after leaving the campus, I fulfilled my dream of re-entering the campus to continue my learning journey. I was admitted to the HKU EMBA Programme at the HKU School of Business and became a member of Class 6C.

Upon completing more than a year of intensive study, I reflect on the learnings gained. Allow me to share a sentiment conveyed by a close friend: "You have undergone a significant transformation! Following your studies at HKU, your life has flourished like a blooming flower, admirable and enviable. You shine!" The reception of such feedback does not come as a surprise, as I truly relished the experience.

The EMBA programme is all about practical cases, with theory related to practice, which has inspired me well to apply it to my own company. During the overseas module in Japan in March, I had the privilege of visiting Kazuo Inamori at Kyocera and learning about his 'Amoeba Management Philosophy,' which I found particularly beneficial and successfully implemented.

Furthermore, current trending topics like ESG have greatly inspired me, providing a deeper insight into future development trends and laying a solid foundation for enterprise digital transformation. Beyond academic studies, I have cultivated valuable relationships with like-minded classmates, professors, and mentors who share aspirations. Through mutual learning, influence, and support, we embody the Gobi spirit of "ideals, action, persistence, and transcendence."

To the HKU family, your influence has truly enriched my personal growth. Thank you!

The HKU EMBA curriculum encompasses a comprehensive spectrum of subjects ranging from financial management to marketing, strategic planning, and leadership development. These courses not only delve into theoretical depth but also emphasize practical application, enabling us to directly implement our learnings in real-world scenarios. Through the analysis of authentic business cases, we have honed our abilities to leverage theoretical knowledge in solving practical challenges, significantly enhancing our analytical and decision-making proficiencies.

Moreover, HKU EMBA programme serves as a platform for expanding my professional network, fostering deep friendships and partnerships with classmates that undoubtedly serve as invaluable assets for future career advancements. Many students have experienced significant career transformations through HKU EMBA programme, whether through elevation to higher positions or successful transitions into new industries, thanks to the programme's provision of essential knowledge and skills.

For those inclined towards entrepreneurship, HKU EMBA programme equips students with crucial business insights and resources necessary for translating ideas into actionable business plans. The learning journey offered by the HKU EMBA not only enriches my knowledge and skills but also catalyzes personal and professional growth, making it a truly invaluable experience.

As frontline entrepreneurs, it is essential to not only excel in your own industry but also cultivate a broad understanding of diverse industries' information and knowledge systems. The collaborative courses offered by HKU and Peking University feature top-tier professors and experts from both institutions, offering entrepreneurs like us valuable insights and inspiration. Moreover, HKU's emphasis on providing an international perspective equips us to explore new opportunities and envision broader horizons in the business world.

Vice President, Private Wealth Management

After more than 10 years in the foreign financial sector, it is not as rewarding as studying at HKU EMBA Programme for 2 years. The wisdom and experience gained from the professors have given me a broader vision and more diversified perspectives on things. Elite students from different fields always make me feel the excitement of different views when they discuss with the professors in the classroom.

The class is full of real-life enterprise cases, and you can hear classmates share their choices of decision-making in the face of good and bad times. A great enterprise makes decisions carefully, and so do people. We are all making choices every day, aren't we?

Choosing to study the HKU EMBA is one of the most important and worthwhile choices in my life. It has benefited me a lot.

Wang Chunkai

(2023 intake)

At the University of Hong Kong (HKU), which is an international academic campus, I am honoured to be in the class of elites from all backgrounds. The courses here are closely in line with the pulse of the times, the professors' lectures are high level and in-depth, leading me to stand at the forefront of the generation to think about the development of business, and the exchange and co-operation with classmates of different backgrounds has enabled me to learn from the wisdom of the diversity of the world. Moreover, in practice, it has honed my ability to analyse the dynamics of the market from a global perspective and to solve complex problems with innovative thinking. As the saying goes, 'The times make the heroes, and the heroes also suit the times.' In these changing times, I believe what I have learnt at HKU will help me to continue to move upward and meet new challenges with a sense of fearlessness.

Overview

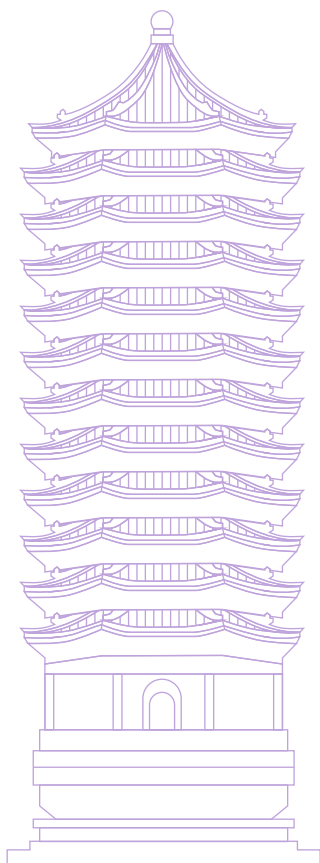

Cutting-edge education in business and finance

HKU EMBA Programme is a part-time programme established by the HKU Business School for senior executives with substantial managerial experience. Students will be taught by faculty members from The University of Hong Kong and Peking University. The programme emphasizes regional applicability, professional relevance and innovation, equipping students with managerial skills for various dynamic business settings. At the end of the programme, students are expected to be able to conduct strategic analysis for complex and inter-related demands in management from the perspective of various stakeholders of the business enterprise with a solid understanding of local needs and global economy. Upon successful completion of the programme, students will be conferred an Executive Master of Business Administration degree issued by The University of Hong Kong.

Peking University Guanghua School of Management

Founded in 1898, Peking University (PKU) is the first national university covering comprehensive disciplines in China and served as the highest administration for education at the beginning of its founding. In 1912, the University adopted its present name after the Xinhai revolution. With its traditional emphasis on patriotism, advancement, democracy and science, and educational standards of diligence, precision, factualism and innovation, PKU has been a leading institution of higher education in China since its establishment. Today, PKU is an important hub for cutting-edge scientific research, innovation and international knowledge exchange. Guanghua School of Management (GSM) was established after the Reform in 1980, which is accredited by AACSB and EQUIS. With the development of China, it has entered a new era, with its central tenet of “creating management knowledge, cultivating business leaders and promoting social progress.”
